- Built-in digital directional microphone for clear sound

Fun video features

- Add your own fun logo to personalise your webcast
- Change Your Background
- Exciting fun frames and effects

PHILIPS
sense and simplicity

Specifications

Video & snapshot capturing

- **Sensor:** CMOS
- **Sensor resolution:** 1.3 MP
- **Video resolution:** 1.3 MP
- **Snapshot resolution:** 1.3 MP
- **Max. frame rate:** 60 fps
- **Lens:** F2.8, D80°
- **White balance:** 2600 – 7600 K
- **Min. illuminance:** < 5 lux
- **Colour depth:** 24 bit
- **Interpolated snapshot res.:** 5.0 MP

Mechanics

- Laptop clamp
- LCD clamp
- CRT stand
- Desktop stand
- Built-in digital microphone
- QuickLaunch button
- Snapshot button

Accessories

- **Included Accessories:** User Manual

Software

- **VLounge:** Premium
- **Add video to:** Yahoo! Messenger, AOL Messenger, Skype, ICQ, QQ, Windows Live Messenger

System Requirements

- **Operating System:** Microsoft Windows XP, Microsoft Windows Vista, Microsoft Windows Vista Home
- **Processor:** Pentium III 800 MHz or faster

- **RAM memory:** 512 MB RAM
- **Sound card**
- **USB:** Free USB port
- **Internet connection**
- **Hard disk space:** 200 MB
- **CD-ROM or DVD-ROM Drive**

Connectivity

- **Cable length:** 1.5 m
- **PC Link:** USB 2.0

Dimensions

- **Product dimensions (W x H x D):** 40 x 82 x 88 mm
- **Product weight (g):** 110

Packaging Data

- **I2NC:** 867000029906
- **EAN/UPC/GTIN:** 87 12581 33415 4
- **Quantity:** 1
- **Height:** 186 mm
- **Length:** 190 mm
- **Width:** 92 mm
- **Gross weight:** 0.435 kg
- **Tare weight:** 0.325 kg

Outer Carton

- **EAN/UPC/GTIN:** 87 12581 33420 8
- **Quantity:** 6
- **Length:** 392 mm
- **Width:** 292 mm
- **Height:** 220 mm
- **Gross weight:** 3.5 kg
- **Tare weight:** 2.55 kg

Product highlights

5 megapixel snapshots

The technology enables 5 MP for photos and the quality is high enough for printing poster-sized images in high resolution. With the special software enhancement you even get 2 MP for interpolated video streaming.

60 frames per second video

Create natural-looking, full motion video at 60 frames per second. It's ideal for video chatting with friends or high-quality home monitoring.

5x digital zoom

Zoom in and out to get the perfect framing for any image. You control the zoom entirely via the on-screen interface while you're looking at the image so you can adjust it perfectly.

Wide-angle lens

The high-quality wide-angle glass lens gives you an 80 degree field of view. The wide-angle lens operates in the same way as a wide-angle photography lens and it gets more people in the video frame without any loss in video quality.

Automatic face tracking

The state-of-the-art camera software automatically detects your face and moves the lens to follow you as you move. You stay in the centre of the image even if you move during a video conference. It gives you the freedom to express yourself and converse naturally.

Directional microphone

The directional microphone focuses in on your voice so you can talk naturally and don't have to move closer to the microphone to be heard. This automatically cuts down on background noise and gives a more natural sound.

Change Your Background

Replace your real-life background and fool your friends into thinking you're somewhere else! You can move around and chat as normal, while the software automatically fills in the background behind you. There are 15 great backgrounds to choose from, or you can upload and project your own favourite backdrop.
